BORN AS OUR LOGO
NOW SHAPING OUR DESIGNS

The CURVE shape represents our logo and defines a long number of our designs. It was born from a strong belief that simplicity lasts the longest, and a wish to create designs with an inviting appeal to be used on the table. Today the Curve shape stands as the ICON for many of our products.

Soft to the eye, the unique, organic CURVE shape invites you to create inspiring table settings and to bring people together in a friendly and relaxed atmosphere. Introduce the CURVE shape to your table by using LIND DNA Table Mats, Stoneware, Wood boxes, Cut&Serve, and Candleholders.

LINDDNA

TABLETOP

MADE IN DENMARK

LIND DNA was founded in 2013 with the ambition to inspire consumers with table setting products and to rethink interior design from a sustainable perspective. In our efforts to reduce our environmental footprint, we make no compromises to the quality and aesthetics of our products, which is why design as well as production take place locally in Denmark. It allows us to be hands-on with the production process and ensures our continuity and high standards. This includes a thorough in-depth quality control process, limiting returns to a bare minimum, while limiting our impact on the environment.

RECYCLED
LEATHER

Behind the company is Preben Lind, who is also the designer and owner of LIND DNA. The fact that we have founder, owner and designer within the company ensures that the development of new design and interior concepts always originates from the heart of LIND DNA.

Our first and eventually most famous design is our tablemat curve made from OEKO-TEX® certified recycled leather.

DESIGNED TO LAST A LIFETIME

Sustainability runs deep in our veins and has been an essential part of our corporate DNA since the very beginning. To assure you that our designs will endure the test of time, we proudly offer lifetime guarantee on our entire range of table mats and LIND CURVE candleholders. The lifetime guarantee is your safety and guarantee that our tablemats and LIND CURVE candleholders have been manufactured with great attention to durability, design and quality.

RECYCLED LEATHER

The bedrock of most of our designs is OEKO-TEX® certified, recycled leather. Sourced from surplus production from the furniture and fashion industry, the vegetable-tanned core leather is first granulated, and then pressed together with natural rubber from trees. The result is a recycled leather quality, consisting of 80% core leather and 20% natural rubber – a material that is not only incredibly durable and water repellent but also easy to clean. Lastly, the recycled leather is dyed with water-based colour and embossed with beautiful surface textures and patterns.

A WORLD OF COLOURS, TEXTURES AND SHAPES

Dive into our world and explore how we turn any table setting into a playground with endless possibilities. With thousands of choices in terms of colours, textures and shapes, we proudly offer the possibility to create a seemingly infinite range of expressions to match the occasion.

TABLETOP

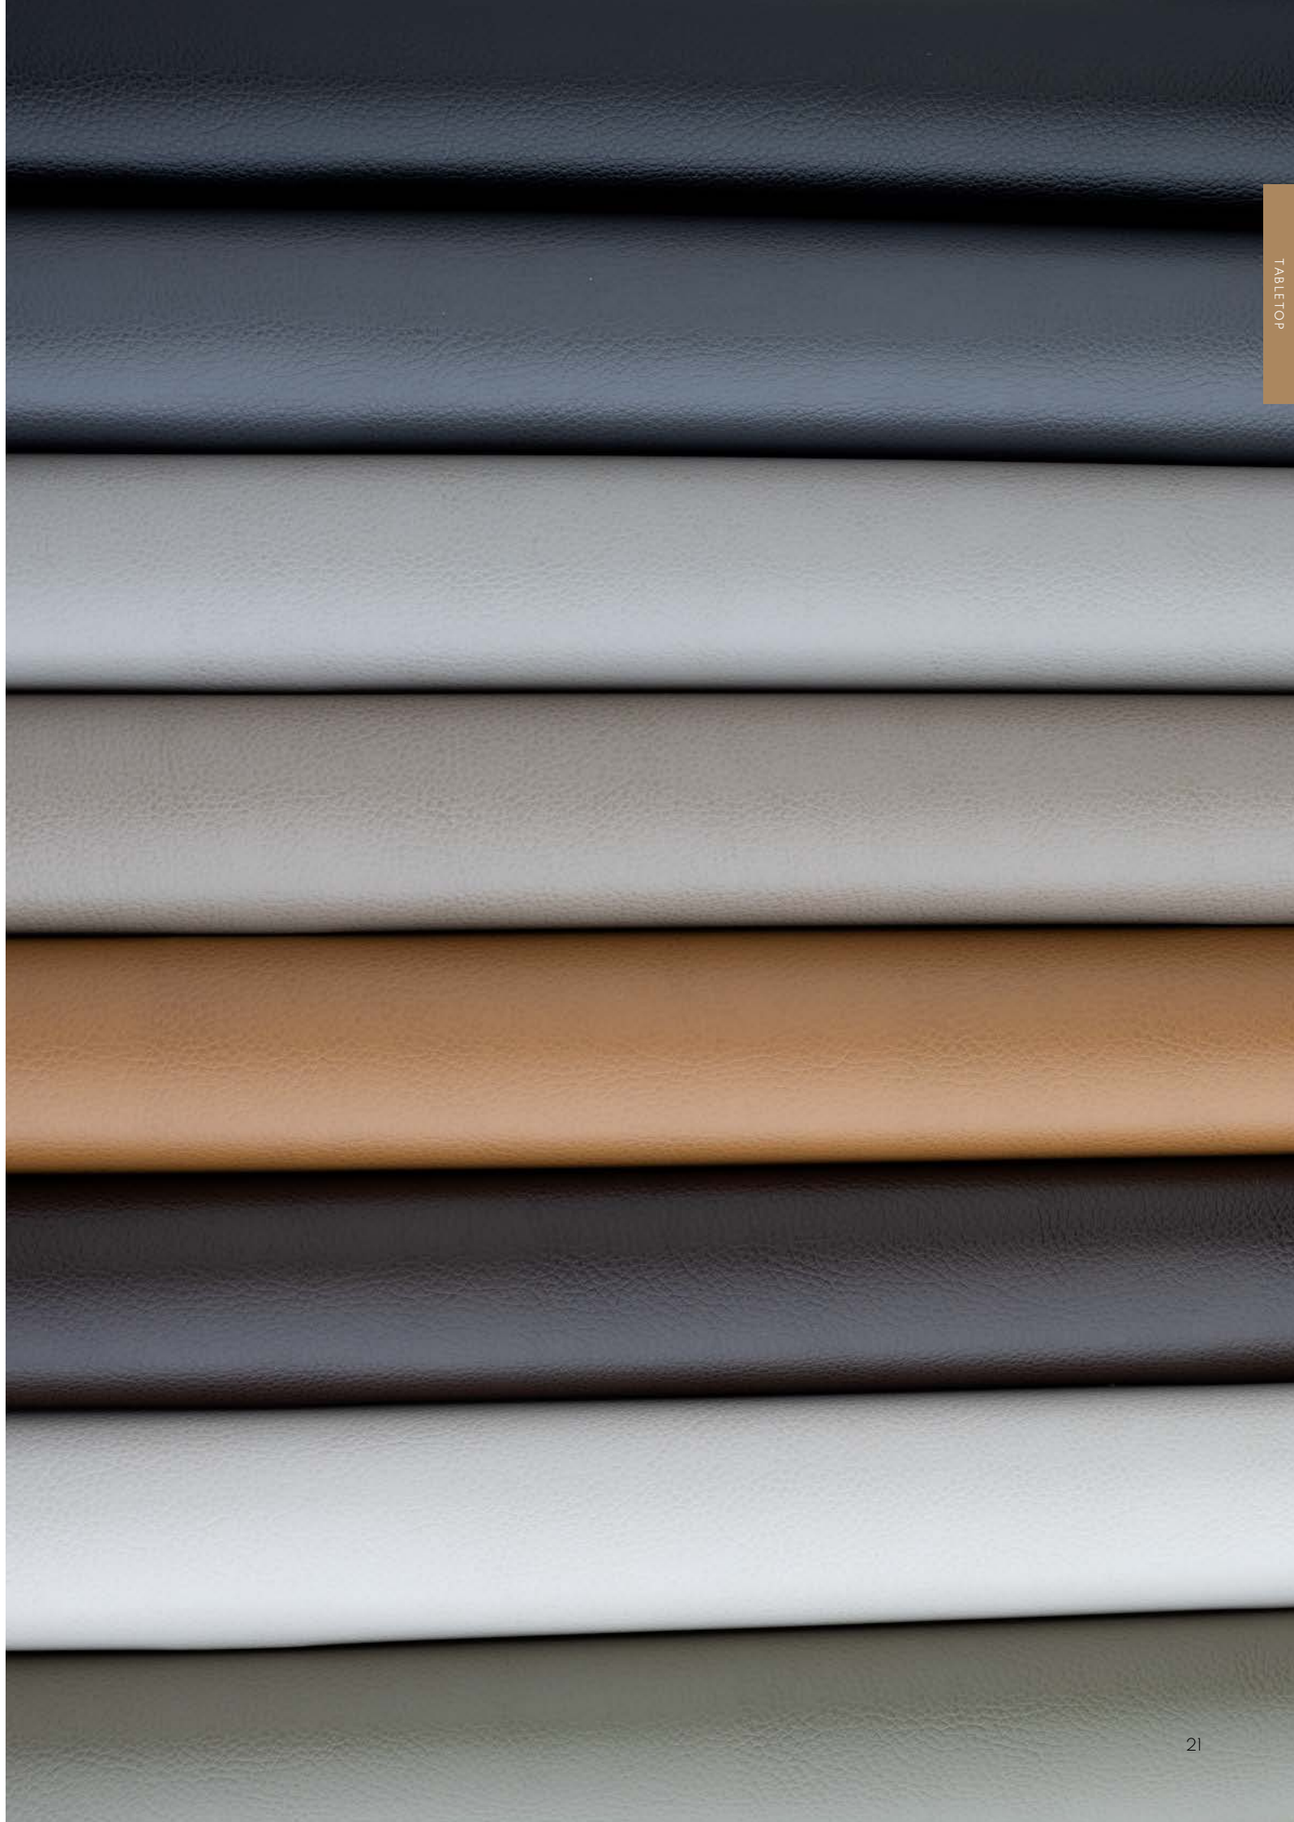
IT IS WITH GREAT PLEASURE AND PRIDE THAT WE PRESENT TO YOU A NEW TYPE OF LEATHER TABLE MATS: **SERENE**

Using only the finest techniques, the soft recycled leather, SERENE, is an exclusive addition to the existing qualities created from 80% granulated surplus leather from the fashion and furniture industry mixed with 20% natural rubber from the rubber tree.

The SERENE collection is available in 4 sizes of table mats: Curve L, Curve S, Square L, and our new Square M. In addition, it is available in our 3 standard shapes of glass mats: Curve, Square, and Circle. SERENE comes with a beautiful surface structure, dyed with water-based colours, and is available in 8 contemporary colours: Cream, Ash, Mole Grey, Anthracite, Black, Nature, Hazel and Moss.

Preben Lind,
Owner



SOFT - FLEXIBLE - DURABLE

Leather SERENE is a very durable type of leather and differs from our other qualities by being softer and more flexible, without compromising on strength and durability. The combination of these qualities makes SERENE stand out as our most authentic, high quality, leather type, which is very easy to clean due to a durable sealing coating. Contrary to our other qualities, SERENE can be rolled up, and, when unfolded, it will lay flat on the table. Add SERENE table mats to your table setting or simply use one as a perfect decorative element. As a nice gesture, gently roll up the SERENE mat and tie it with our napkin loop.

As for the rest of our table mat collections, we are proud to offer lifetime guarantee on the SERENE collection as our ultimate quality guarantee.

OAK CANDLE HOLDERS

Living in the northern hemisphere, lighting candles in the dark helps us create that special feeling of 'hygge' and gets us through the gloomy winter months. With a clever design, combining oak, recycled leather and hidden magnets, our selection of candle holders lets you play with the expression by combining and placing the candle holders in numerous ways according to personal style and taste. Our selection counts both tealight and candle holders as well as our Cone Candle Holders in natural or smoked oak that can be placed on the candle boards.

CURVE CANDLEHOLDER & TEALIGHT

Our CURVE CANDLE HOLDER & TEALIGHTs in oak and recycled leather are handcrafted for regular candles or tealights. The hidden magnet in the oak makes it possible to combine and place the candle holders in numerous different ways according to personal style and taste. Two, three or four CURVE CANDLEHOLDER & TEALIGHTSs can be combined into one tealight candle decoration, or they can be placed separately – you decide.

DESIGNED IN
DENMARK

CREATING A COMMON THREAD

Our line of interior accessories carries a consistent design language that will create a common thread throughout your home, ensuring a calm and coherent home environment. The collection includes accessories that will help you organise your home and ease your daily routines. Usually, the form of the designs is very pure and simple, while taking a playful approach to the details that make the pieces stand out.

PENDULUM

Made from steel and covered in recycled leather, the PENDULUM CIRCLE is a minimalistic hanging design for your home, offering a perfect base for a few decorative objects or our magnetic Cone Candle Holders. The leather cords allow you to hang the PENDULUM from the ceiling in the height you prefer - enabling you to create engaging levels and dimensions in your interior.

FLOOR MAT

Our floor mats come in three different shapes – all in 3 mm thick recycled leather. They add style and tactility to your kitchen, bathroom or living room, while at the same time protecting your floor from wear and tear.

CURVE SHELF

Designed in the recognisable curve shape, and coated with recycled leather, this minimalistic steel shelf is ideal for both decoration and storage purposes. Its open shape gives you easy access to all items from any angle.

WARDROBE
2022

DESIGNED IN
DENMARK

A WARM WARDROBE UPGRADE

Breathe new life into your hallway or wardrobe. Bridging form and function, our wardrobe collection offers a line of unique pieces that will bring a modern touch and a warm welcoming feel into your home.

SWING

SWING transforms European oak and a leather cord into a decorative and functional design solution for wardrobes and smaller hallway spaces. Combine it with our selection of hangers or hooks to display your favourite clothes and accessories. SWING only takes up very little space and with the adjustable leather cords, this is the ideal solution where space is limited. WALL SWING is a smaller, more minimalistic version of the SWING design – a hanging coat rack, mounted on the wall and in the ceiling.

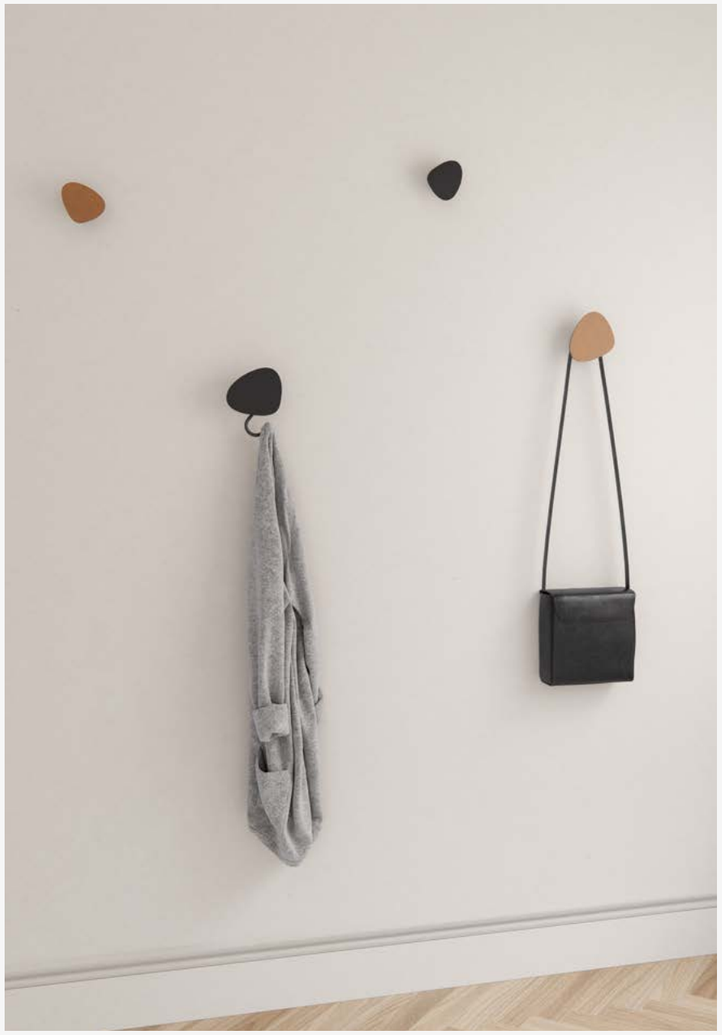
WARDROBE

S-HOOK

If you are looking for an alternative to the classic hanger, you might want to go for our simple and versatile S-HOOKS.

CURVE HOOK

A minimalistic yet recognizable hook for towels and similar. Coated with recycled leather, available in two different sizes and two different colour options. Mounted easily with double adhesive tape on the back.



WALL DOT

Inspired by the curve shape, the WALL DOT is designed as a decorative and functional design for your wall. WALL DOT is made from oak and steel, coated with our durable recycled leather. With the flexible mounting and several varieties of colours and sizes, it is possible to create your own personal as well as practical piece of art on your wall.

SMALL FURNITURE
2022

DESIGNED IN
DENMARK

ADD A SOPHISTICATED EDGE

Our collection of small furniture is characterised by subtle lines and beautifully paired materials. The recycled leather combined with steel and wooden elements create the foundation for the entire series. With an appearance that is both simple and elegant, the furniture fits perfectly into any setting and adds a sophisticated edge to the interior.

We strive for our designs to challenge and surprise you, why several of our furniture is cleverly designed as knock-down pieces – flat-packed and easily self-assembled – inviting you to connect and engage with the designs and enabling us to reduce our environmental footprint.

CURVE LOUNGE TABLES

Our collection of Curve Lounge Tables is based on the classic design of our Curve Tables. The well-known curve shape invites an organic expression to your home and is the epitome of our design DNA. Two or three steel plates are connected by oak legs, and the inherent warmth of the wood adds a soft expression to the tables. The different sizes and heights allow multiple tables to blend together in formations - in any living room, lounge setting or lobby area.

PICK-UP TABLE

The portable PICK-UP TABLE is designed with a reversible, recycled leather mat on its top plate, making it possible to change the look of your table in a blink. Choose among a variety of different leather surfaces and colour combinations and personalize the expression of your table. The aluminium JEWEL in the middle of the table can be changed to a brass JEWEL - and the table will instantly change its overall expression again. A JEWEL made in brass can be bought separately.

TURNTABLE

TURNTABLE is a simple and elegant side table, available in two sizes that can either be used separately or positioned in beautiful pairs or clusters throughout your home. Designed with a reversible mat on its top plate and a changeable aluminium JEWEL, it is easy to change the look of your table.

STRAP TABLES

Developed as a flatpack for stress-free self-assembly, STRAP TABLE is a unique combination of materials that are shaped into an iconic piece of furniture with great usability. The STRAP TABLE S has been sized up to a larger version, and both sizes beautifully combine recycled leather with oiled oak. With a small handle, the STRAP TABLE is easy to carry around and fits anywhere in the home – as bedside table, coffee table, next to a sofa or your favourite armchair, or simply as a statement piece.

CURVE CHAMELEON TABLE

CURVE CHAMELEON TABLE is designed with a black, lightweight steel frame for an understated appearance. The legs have a graphic angle and add a distinctive character to the minimalistic design, making it striking from any perspective. The table comes with a TABLE MAT CURVE L in recycled leather on top. However, as the name indicates, CURVE CHAMELEON TABLE offers an extra functional dimension, as you can change the table mat with any other TABLE MAT CURVE L.

CURVE COFFEE TABLE

Crafted from a combination of black steel with recycled leather or wood veneer on the top plates, the CURVE TABLE will add a distinctive touch to an otherwise minimalistic interior. The minimalistic construction adds a sophisticated edge to your interior and enables you to create small sculptural clusters when placing them in pairs or groups.

STOOL&TABLE

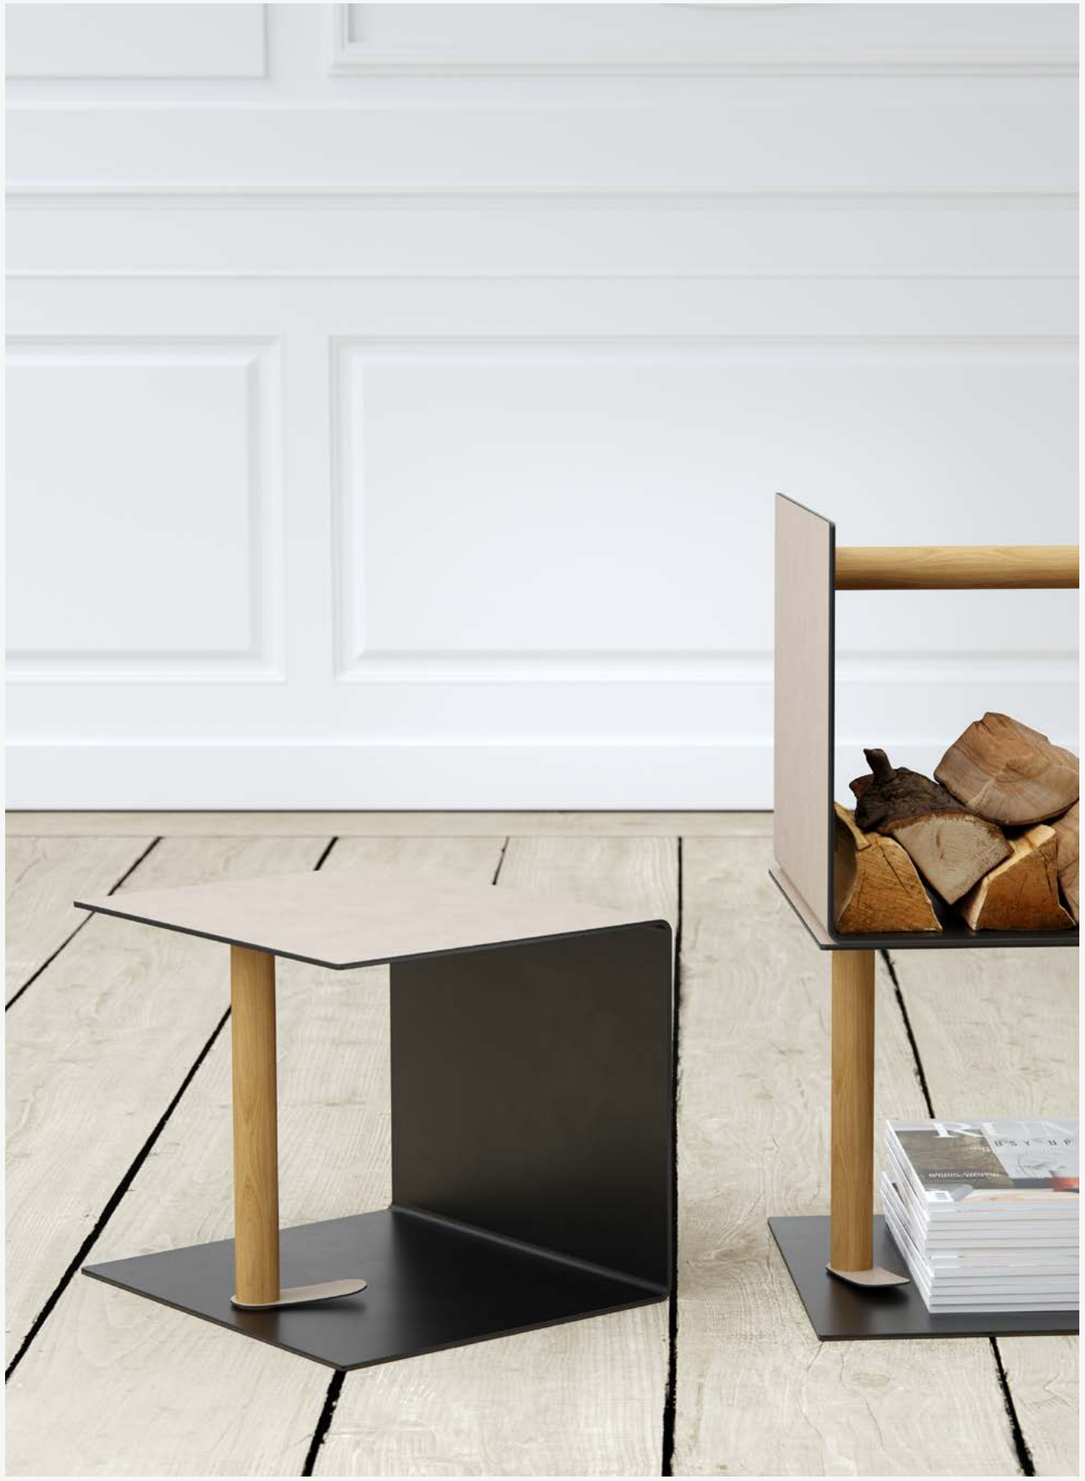
The concepts of presence and togetherness form the basis for the STOOL&TABLE. The piece is practical in countless ways – as a side table in the bedroom or lounge area or as a seat for unexpected guests allowing you to simply sit down and be present. STOOL&TABLE is designed in shaped aluminium coated with recycled leather an oak rod.

TABLE&MORE

Let only your imagination set the limits with the versatile TABLE&MORE. Use it as a table or as a container for logs, blankets, magazines, and much more. You can even stack TABLE&MORE on top of each other and create your own personalized bookcase.

STRAP TABLE CUT&SERVE

Our curiosity in experimenting with materials led us to combine STRAP TABLE S with our CUT&SERVE boards, thereby materializing our new STRAP TABLE CUT&SERVE. Available in two finishes: ash and walnut, you can use the tables as decorative pieces in your interior or as an alternative way of serving food and creating engaging levels on the buffet or sideboard to your next family feast.



SMALL FURNITURE

FLAMINGO HIGH STOOL

Long, sleek legs and an elegant outline define the FLAMINGO HIGH STOOL. The high stool is a versatile seating option that will add character and edge to your home - making friends and family want to linger. The seat is designed in solid steel covered with our recycled leather. The shape is curved to give it a great ergonomic curve.

BENCHES

Our line of BENCHES brings a feeling of soft serenity to any space throughout your home thanks to the simple, graphic design. Place it in the hallway, at the end of your bed, or simply as a statement piece in any room. BENCH is available in two finishes – either with a fixed recycled leather surface or with a reversible, hand stitched cushion made of recycled leather on one side and European wool on the other side.
