ALWAYS EVOLVING

Being a leader in the industry means being open to change and a commitment to a growth mindset.

While all may have appeared to be quiet in the Rossetosphere, underneath the surface a real transformation has been taking place! In 2019 we moved into beautiful corporate offices in Chicago. Our staff loves their new modern home that includes a warehouse and a showroom! If you are in the area, please schedule some time to stop by!

We have started 2020 out with a real bang, launching the Ven Glass Collection. A line of handmade glass serving and display pieces crafted by renowned glass artist Danny Kalderon. This was matched by a new website and an additional line up of over 50 products.

The 2020 collection was developed with a focus on what was missing from our range of Hospitality products. We heard you! We are extremely excited to add a selection of modern heat lamps, coffee urns, and milk dispensers to our offerings. These additions allow you to complete your carving stations, and coffee and cereal displays without sacrificing the design-forward look that Rosseto is known for. We also added improved induction options for both the Natura™ and Multi-Chef™ Collections. Finish your presentation with Ven Glass serving pieces for a custom buffet display like no other in the industry!

Staying one step ahead of the trend is vital in our business. We hope you continue to view Rosseto as a trusted partner in creating the best experiences for your guests. We will continue working hard to bring you the most innovative, quality serving solutions for everything food and beverage. Here's to your success in 2020!

Cheers!

OUR COMPANY

Rosseto has been helping industry leaders, both large and small, find solutions for their businesses.

It has always been our goal to provide products that are easy to assemble, easy to maintain, and provide modern design elements that will complement any environment or theme. Our dedication to quality and design has allowed us to become a trusted brand to some of the biggest names in food service. Our products have been used at major events like the 2016 Golden Globes and Super Bowl 50 and praised by entities like John Q. Hammons, Marriott, Walgreens, and Wolfgang Puck.

A commitment to providing a complete solution has created very strict controls over our materials. Rosseto is one of the only manufacturers in the industry that continues to use US Steel in all of our products. Founder Gil Gold states:

“We have been asked to use cheaper material, but we refuse. When you see the difference in quality, you simply can’t go in that direction. It’s not worth it to us. I see competitors who have just entered the market who are using this type of material. You can crush their products with your hands. It gives me chills.”

Rosseto designs products with our customers in mind. From the time of purchase to maintenance and storage, we want to be with you every step of the way.

Find product features and highlights throughout the catalog using the following icons:

Stackability

Keep your Rosseto® products looking new longer. Stackable design makes storage easy.

Portion Control Technology

All Rosseto® dispensers include patented portion-control technology that allows you to control food cost and save money. Select portion control wheels are available for individual dispensers that range in portion sizes from 1 teaspoon to 1 ounce.

Connectability

Rosseto® products with this icon are designed to work together. Choose from a range of materials and sizes to create endless combinations of display designs. Simply select your risers or bases and add surfaces. Building your own custom buffet has never been so easy.

Eco-Friendly

Made from natural, biodegradable or recyclable material.

US Stainless Steel

We are proud that all of our steel is made and manufactured in the US from the highest quality material available. We are so confident in the quality of our products, that we offer a lifetime guarantee on all welding.

Easy to Clean

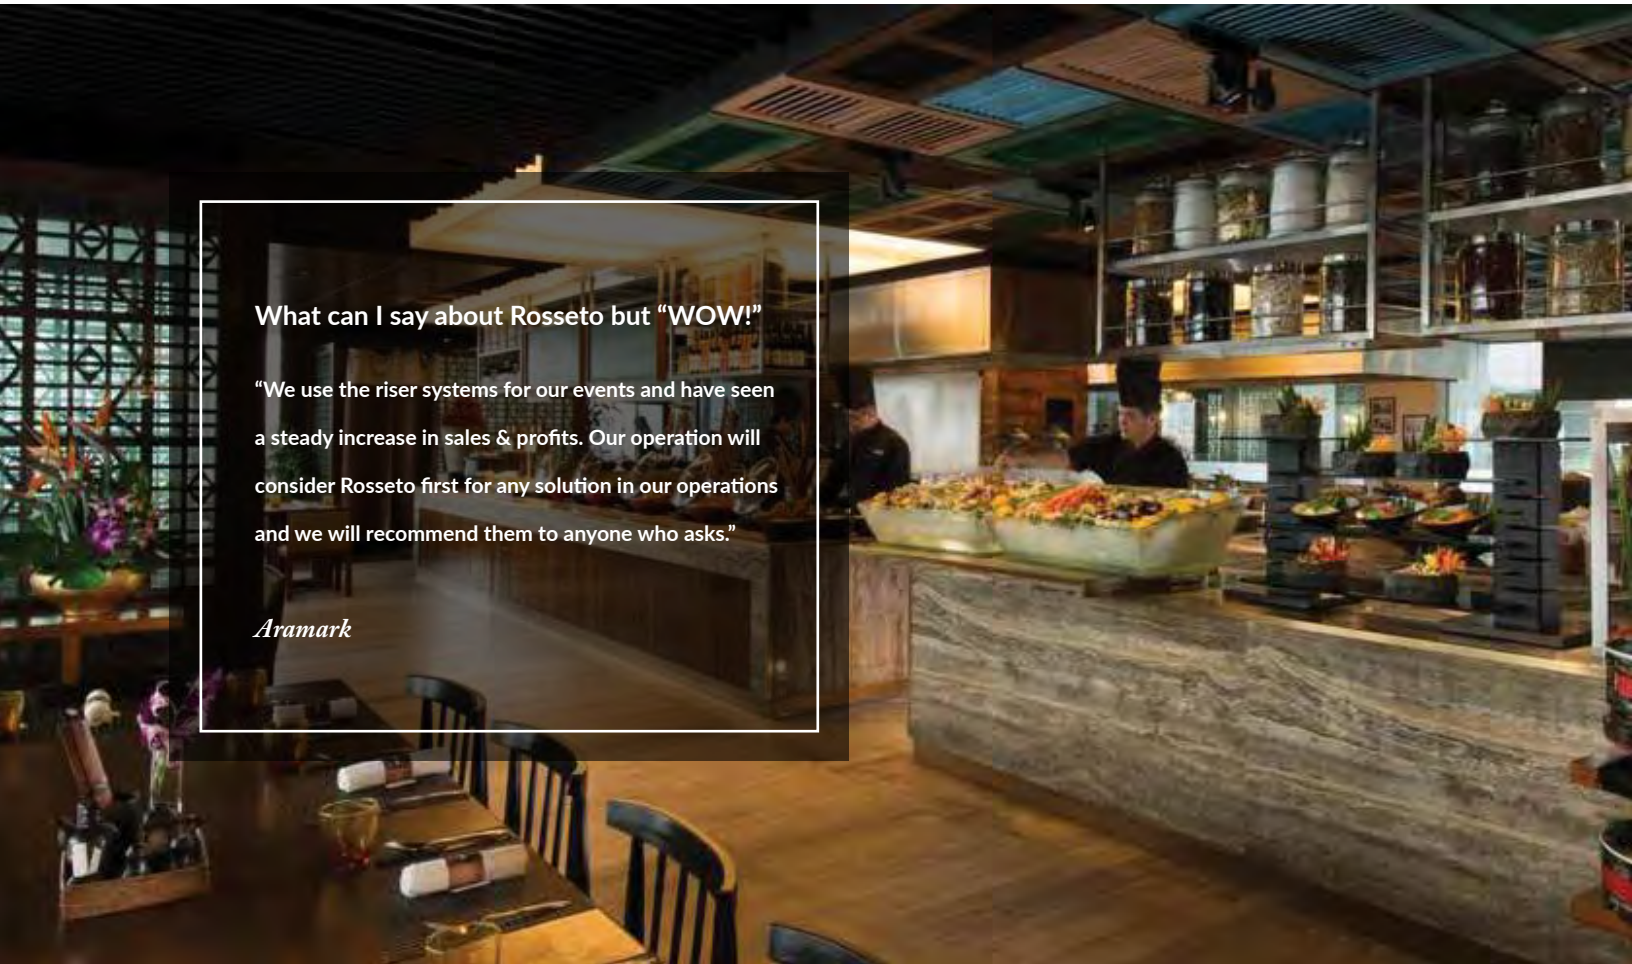

We wanted to provide serving solutions that not only look good in your business, but are easy to maintain. Every product has been designed to make cleaning as simple as possible using minimal parts. This helps you keep your customers safe and health inspections worry-free.

What can I say about Rosseto but “WOW!”

“We use the riser systems for our events and have seen a steady increase in sales & profits. Our operation will consider Rosseto first for any solution in our operations and we will recommend them to anyone who asks.”

Aramark

We have added the Rosseto line of buffet equipment to many of our hotels and are *very pleased* with the results. The products are truly an extension of our F&B strategy, are *extremely well made*, and we have had nothing but positive feedback from our hotel guests.

SURFACES

Bamboo

Not all bamboo is created equal. We use the highest quality bamboo available. We designed a custom three layer system that prevents warping and damage. Keep in mind that bamboo is a natural, live material and reacts to changes in temperature and humidity.

Natural Walnut

Luxurious deep brown hues makes walnut the perfect finish for any high end buffet or food display. Relatively heavy, hard and resilient, it can stand up to your toughest guests and is naturally resistant to warping.

Acrylic

Durable and easy to maintain, this material is perfect for high traffic use or in places where glass would be a safety concern (like poolside or lobbies). Choose from clear, black or white.

Tempered Glass

All of our glass is toughened or tempered. This means that it is processed by controlled thermal treatments to increase strength and safety. Choose from both clear and black finishes.

Clear Acrylic

Our top grade acrylic is crystal clear and is as close to glass as you can get, without being glass.

ROSSETO × KALDERON

THE STORY

Rosseto is collaborating with renowned glass artist Danny Kalderon to bring a collection of stunning handmade glass serving pieces to the high-end hospitality market. Each piece has been individually crafted by Kalderon using the signature techniques and processes that have made him one of the most sought after glass artists in the world. Intricate enough to be called art, yet strong enough to be used in commercial settings, these pieces are perfect for hospitality brands looking to add a personalized, boutique look to their buffet and event service. The collection includes serving bowls, platters, and plates in a range of designs, colors, and sizes as well as surfaces that work with all Rosseto display systems.

ABOUT KALDERON

Danny Kalderon has been working with the glass medium for over 25 years. His dedication to his craft and quality has earned him tremendous respect in both art and hospitality. His pieces have been canvases for culinary masters such as Grant Achatz of Alinea and Dominique Crenn of Atelier Crenn. Michelin star establishments and global hotel brands alike have trusted him for custom projects for decades. It is his unique blend of art and function that has made this the perfect partnership with Rosseto.

EXACT PORTIONS SAVE MONEY!

Precise portioning dispenses efficiently, while smart design makes cleaning quick & easy. The SCOOP-IT and EZ-SERV® patented soft silicone paddle wheel reduces food damage while a sizable catch tray keeps the dispensing area clean.

Our portion control wheels gently dispense dry food using soft flexible wings that minimize food damage and serve exact portions.

Just a few examples of the kinds of toppings for yogurt and ice cream shops, coffee shops, tea shops, and spice shops:

SCOOP-IT

technology dispenses exact portions from 1 tsp. to 4.5 tsp. in one turn.

THE SCOOP-IT

dispenser ball nests inside of a silicone funnel with two grooves on opposite side producing exact measured scoops of food each turn.

OUR PATENTED PORTION WHEEL

design gently dispenses dry food using soft, flexible wings that minimize food damage and serve exact portions from 1 tbsp. to 1.5 oz.

THE SYSTEM

is designed to keep food fresh and is easy to clean.

GET TO KNOW YOUR DISPENSER

Changing your portion wheel is an easy 3-step process. Test each wheel with your dry foods to determine which works best for you!

Here are some easy guidelines to help you understand how the different wheels work:

1. The EZP021 is great for dispensing **larger** items such as, medium grind cookies like **Oreos, cereals & granolas, trail mix, coffee beans** and most kinds of dry foods.
2. The EZP022 is perfect for **medium** items such as, **chopped nuts, mini chocolate chips, crushed M&Ms and Wonka Nerds...etc.**
3. If you're looking for precision, the **2 teaspoon Scoop-It™ portion wheel** delivers the most accurate measurement on the market. The patent-pending Scoop-It wheel is ideal for **smaller** items such as, **sprinkles, crushed peanuts and almonds, coffee, sugar and spices.**

THE BEST BULK RETAIL SOLUTION AVAILABLE

BENEFITS

- ✓ Most value for your money (big footprint with a small investment)
- ✓ Free ingredient label templates
- ✓ No labor or installation costs
- ✓ 4 Easy Cleaning Steps
- ✓ BPA Free

MODULAR, VERSATILE DESIGN

- ✓ Competitors require a design team to come and measure, then they build a huge custom wooden shelving system you can't move or change.
- ✓ Bulkshop Gondola is modular and easy to assemble by 2 people, no design team required. Then if you want to move it or change from candy to natural foods- no problem.
- ✓ Bulkshop Gondola stands alone and does not need to be bolted to the floor.

PORTION CONTROL TECHNOLOGY

- ✓ Competitors use levers you have to pull down to release product which makes a mess and doesn't control portions.
- ✓ Bulkshop dispensers allow you to "dial in" exact portions, letting you control food cost, reduce waste and SAVE money.

Our portion control technology removes product waste associated with pull levers. Simply turn the dial to get the exact portion you need every time.
