## WMF PROFESSIONAL – PLEASE TAKE A SEAT

A porcelain collection and lifestyle range for all in the catering and hotel industry: in the development of WMF SYNERGY and WMF STYLE LIGHTS, the requirements of the latest restaurant concepts, wide-ranging application areas and heterogeneous ambiances were considered as a whole and explored in a simulated everyday restaurant environment.

For this, WMF Professional created four basic styles, from which all modern restaurant types can be derived. In these four structures, various specific day-to-day uses from breakfast to fine dining and various flows for staff from buffet to service were carefully thought out and tested.

The complete WMF SYNERGY porcelain collection and WMF STYLE LIGHTS lifestyle range now combine multifunctionality and flexibility with the highest quality standards and pure aesthetics on the table, for every restaurant style and every ambiance. The best for gastronomy and the best for guests.

## DRINKING ENJOYMENT BY SYNERGY. THE CUPS.

The cups in the SYNERGY collection cover all kinds of different uses: from barista espresso cups and stackables to teacups, with perfect sizes for professional use.

Timeless, classic and perfect, with precise edges and accentuated surfaces.

A harmonious handle design recognizable across all cups strikingly shows that this is SYNERGY. The handle design offers an optimum ergonomic and secure grip, even for hot drinks and greater volumes. The SYNERGY 15.5 cm and 17 cm saucers can be combined with a variety of cups and dip bowls. The raised ring allows drinks to be safely served without the cup slipping. And when preparing or enjoying the drink, the spoon will not slip into the center of the saucer.

The cups can be wonderfully and consistently stacked to save space. For presentation at a banquet or buffet, the cups are easy to handle – for both servers and guests.

With the mix & match concept of SYNERGY and STYLE LIGHTS, the saucers are compatible with many other pieces in the collection.

## SYNERGY. THE SIGNATURE ITEMS.

SYNERGY is created for great performances. Special signature items are the stars. They are perfect for designing menus with the beautiful presentation of specialty dishes in the fine and casual dining areas and as striking elements on the buffet. These can be combined with each other or the Basic porcelain collection and with trend pieces from STYLE LIGHTS.

The Dip-Dip is a creative option for drawing attention to small highlights on the plate, or for serving two dips together with its lid – ideal for finger food. Dip-Dip is designed so that its lid can also be combined with the Dip bowls in the Basic collection.

With its raised edge, "Circles" creates an impressive stage. The plate can also be used as a buffet plate in a composed group of items. "Circles" offers a secure hold for plate-in-plate meals where additional bowls are placed on the plate.

"Mr. Serve" can be used very flexibly at the table and, thanks to its format, ensures the exceptional presentation of food. It is perfect for burgers, fish dishes or antipasti, for example, and can also be used very strikingly on the buffet.

"Vulcano" sets an exciting stage for meals on two levels. An ideal, creative stage for chefs.

The eye-catchers round off the porcelain range and create as many diverse looks as there are dishes in all areas of modern gastronomy.
