cra'ster

2019 COLLECTION

Our mission is to create beautiful, intelligently-designed products that enable the world's finest hotels and restaurants to deliver exceptional customer experiences.

We are innovative thinkers with a rich history in design and craftsmanship.

We listen to our clients, working closely with them to develop products that resolve the requirements of the contemporary professional hospitality environment, ensuring we are always honest to the materials used.

" **We provide chefs and hoteliers with the tools they need to express their creativity and bring their vision to life"**

— Alex Craster

FLOW

Flow is a versatile modular buffet display system, based around a gastronorm footprint, offering solutions for ambient, hot and cold set ups.

Flow consists of stacking trays available in white-washed, black oak, natural oak or walnut, with plinth tops available in glass and white or grey marble and stainless steel or blackodized steel risers.

Flow's interchangeable and stackable components offer versatility to tailor your display and allow for efficient replenishment between front and back-of-house, with new innovations regularly being added to the range.

HOW TO CREATE YOUR BUFFET WITH FLOW

Flow range is based around a gastronorm footprint and allows you to simply build a custom display buffet. To build a display, please select a gastronorm size, a frame (flat or angled), and a top (deep or shallow trays, tray inserts or flat plinths).

Craster also offers accessories to make displays even more unique including heating or cooling units, to keep food at the right temperature, as well as label holders and lid liners.
Our Flow range comes in four different colours including oak, walnut, white-washed and black.

HOT AND COLD TROLLEYS

Flow Hot and Cold trolley delivers dual cooling and heating functionality in one compact, versatile, display unit; enabling true functional flexibility from chilled breakfast juice stations to heated brunch displays and frosted evening desserts.

Designed specifically to withstand extreme temperature changes, the food-safe, durable top offers a wide temperature range from -5°C to 140°C. The trolley features multiple extending shelves, giving added storage for multi-height food display with easy access.

TILT

Tilt is a unique, flexible buffet system, offering endless possibilities for creative expression with a mixture of angles, heights and materials.

Comprised of cylindrical metal risers compatible with a variety of serving top solutions, the range enables creative display with elegance and poise.

Tilt risers feature a precision fitted rubber ring, which gently grips the bowl and plinth surfaces, allowing for curated display with secure positioning.

TILT RANGE

Tilt is a flexible buffet system comprised of cylindrical metal risers compatible with a range of serving top solutions for both wet and dry foods.

To build a custom display, select a riser size, then pick from bowls made of solid walnut, stailess steel, black glass and ceramic or plinths made from luxurious marble, oak or walnut.

ALTO

Introducing Alto, a sleek new buffet range which combines simplicity, beauty and informality. Available in solid walnut, the collection comprises a range of multi-height plinths and boards for unique and creative display.

With its Scandi feel, featuring a tripod base in black metal and subtle chamfer detail, this elegantly casual range is perfect for informal presentations, from breakfast pastries to contemporary afternoon tea.

The signature piece is a three tier cake stand, which can be used as a singular focus item, or nested with another to create a tiered buffet effect.

CAKE STAND, BOWL AND BOARDS

A sleek collection designed to provide a competitively priced solution for ambient food presentation.
Available in walnut, the collection offers flexible buffet presentation with a range of plinths and boards for multi-height display.
With its scandi feel featuring a tripod base and subtle chamfer detail,
this elegantly casual range is perfect for high tea presentation.

BOWLS

OLIVE WOOD BOWLS

Our olive wood bowls have a special and very vivid grain structure which makes each piece different.
Please note that the bowls are shaped from a unique piece of wood and despite our meticulous drying process,
cracks can occasionally appear in the wood due to the specific nature of these natural products.

Olive Wood Bowl – Large

Code	Material
BW_307_D •	Oiled Olive Wood

Dimensions
300ø × 115 mm
11.8ø × 4.5"

Due to the natural variations in olive wood, bowl sizes
may vary significantly and exact dimensions cannot be guaranteed.

Olive Wood Bowl – Small

Code	Material
BW_OBS •	Oiled Olive Wood

Dimensions
115ø × 38 mm
4.5ø" × 1.5"

Due to the natural variations in olive wood, bowl sizes
may vary significantly and exact dimensions cannot be guaranteed.

Olive Wood Bowl (Rustic) – Large

Code	Material
BW_RBO •	Oiled Olive Wood

Dimensions
280ø × 180 mm
11ø × 7"

Due to the natural variations in olive wood, bowl sizes
may vary significantly and exact dimensions cannot be guaranteed.

Olive Wood Bowl (Rustic) – Small

Code	Material
BW_RBOS •	Oiled Olive Wood

Dimensions
240ø × 185 mm
9.4ø × 7.3"

Due to the natural variations in olive wood, bowl sizes
may vary significantly and exact dimensions cannot be guaranteed.

13.7 × 13.7 × 0.7"

Our pure mineral oil provides protection, retaining the wood's natural colour and character, and prolonging the life of your board. We recommend applying the oil with a folded kitchen paper towel, so no need for brushes. The oil is clear, tasteless, odourless and food safe. It is ideal for use on wooden items including bowls, risers and utensils. It can also be used on slate or stone.

Fits: All trays except for Classic Butler Tray Medium and Modern Drinks Tray

Understated elegance complements the underlying innovation behind the Wave tray. Designed with a robust non-slip rubber over moulding, the tray surface will never peel, meaning reduced replacements and a dishwasher safe, hard performing finish.

The tray's miniature locating feet are intelligently engineered to allow for aeration when stacked, with no water build up or residue marking, enabling reduced maintenance and a consistent quality experience.

Wave Tray

Code	Material
TA_SGW	ABS

Dimensions
460 × 318 × 25 mm
18.1 × 12.5 × 1"

Features: Anti-slip functionality

HOSPITALITY SERVICE

CONFERENCE
& EVENTS

LINE TABLE

Line is a unique conference table solution at the forefront of event space design, combining discrete contemporary elegance with true operational innovation.

Line offers a contemporary aesthetic to fit discreetly into any environment.
The light-weight tops, and compact folding leg system combine to offer real advances in the evolution of linen-less operational table design.
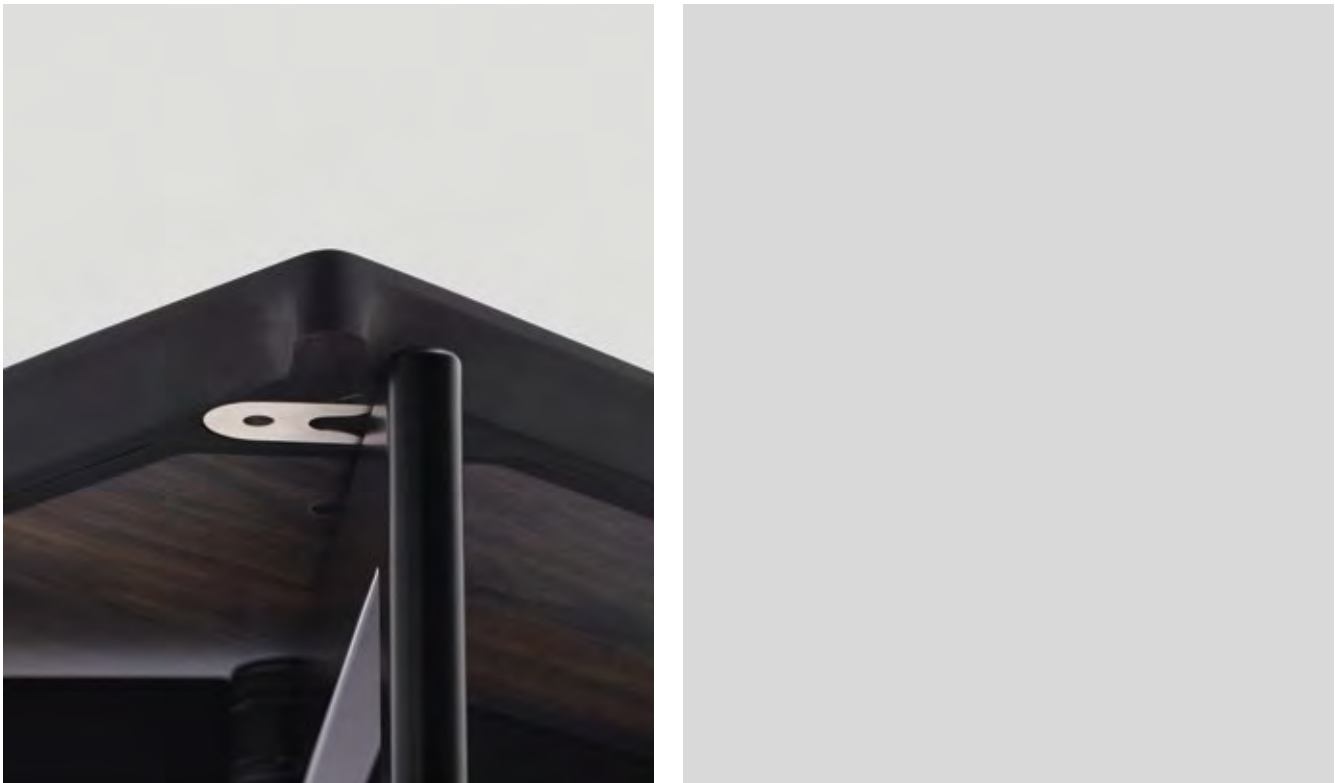

Intuitive Set-Up

Intuitive locking system, ergonomic grip for seamless set-up, breakdown and changeover. No tools required.

Stable and Durable

Featuring a rigid frame reinforced with bracing table-top element and a near-indestructible Reef edge.

Compact Storage
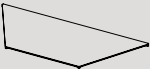

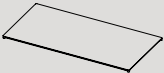

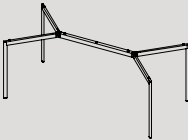

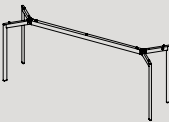

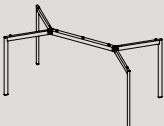

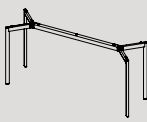

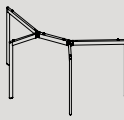

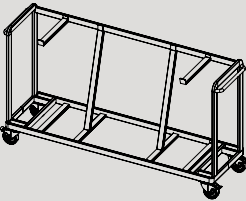

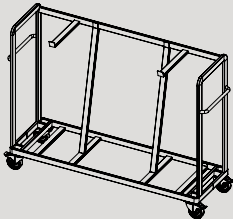

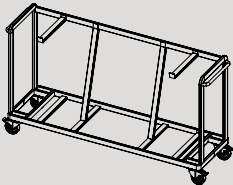

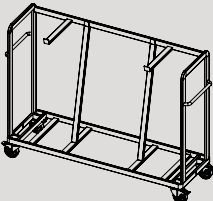

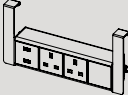

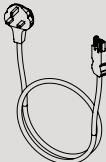

Legs fold into 43 mm width, with table tops slotting underneath on the trolley for class-leading storage density back-of-house.

CONFERENCE & EVENTS **CONFERENCE / LINE TABLE**

LINE RANGE

The Line table range is available in two sizes – 1800 mm and 1500 mm – and in four different shapes – rectangular, classroom, trapezoid and half round – to create various configurations that can be built to suit any specific needs.

The Line range consists of five different elements including table tops, legs, modesty panels (optional), cable management (optional) and trolleys (mandatory).

Each Trolley can fit 8 tops and legs

CONFERENCE & EVENTS **CONFERENCE / LINE TABLE**
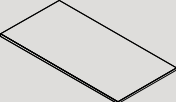

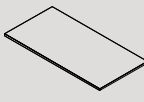

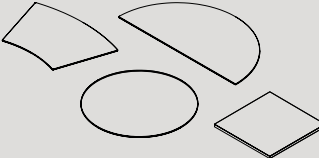

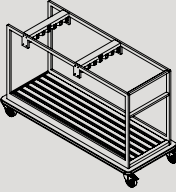

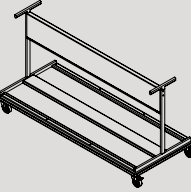

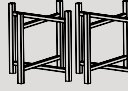

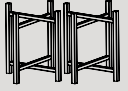

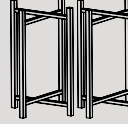

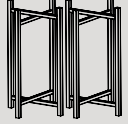

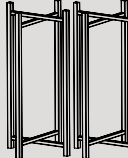

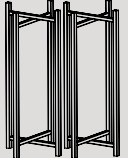

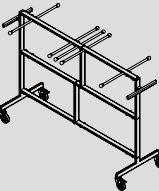

RISE TABLE

The Rise Table range has been beautifully manufactured and intelligently engineered to support a responsive buffet service.

The range features a universal locator system allowing our folding legs and table tops to be used in any combination. Legs are available in solid oak, stainless or black steel and can be used with tops in glass, HPL with Reef edge or oak veneer.

RISE TABLE

Using a universal locating system, these buffet tables allow you to mix and match any top or legs to create the perfect solution for your buffet.

Select a size series (800 or 700), then select a shape and material for the top and finish by selecting a leg height (short, medium, tall) and a finish (wenge, brushed stainless or black).
